CUBA'S CONSTITUTION

Independence Declared by the Insurgents.

A NEW REPUBLIC FORMED.

Supreme Power Vested in a Ministerial Council of Six—Judicial Authority Independent of All Others—An American on Trial in Havana—Spanish Vessels Overdue—Other Cuban War News.

NEW YORK, Oct. 17.—The Herald says:

"The constitution of the Cuban revolutionary government has been promulgated. The text follows:

"The revolution for the independence and creation in Cuba of a democratic republic, initiated the 24th day of February last, surely declared the separation of Cuba from the Spanish monarchy.

"We, elected delegates of the revolution, in convention assembled, have now formed a compact between the world and Cuba, and pledge ourselves to the following articles of the constitution of the new Cuban republic:

"Article 1.—The supreme power of the republic will be vested in a council of ministers, composed of a president, a vice president and four secretaries, for the dispatch of business of war, of the interior, of foreign affairs and of agriculture.

"Article 2.—Every secretary will have a sub-secretary in order to supply a vacancy.

"Article 3.—The attributes of the ministerial government will be to dictate all the relative dispositions of the civil and political life of the republic; to receive contributions; to contract public loans; to issue paper money; to raise troops and to maintain them; to declare reprisals with respect to the enemy, and to ratify treaties, except the peace with Spain; to submit judicial authority to the president; to approve the law of military organization and ordinances of the military services as drawn up by the commander-in-chief.

"Article 4.—The ministerial council only will be able to intervene in taking part in the military operations, when, in their judgment, it will be absolutely necessary.

"Article 5.—It is requisite for the validity of the ministerial council decrees that two-thirds of the members will have concurred in them.

"Article 6.—The office of counselor is incompatible with the others of the republic and requires any member to be 25 years of age or upward.

"Article 7.—The executive will rest with the president, or, in default, in the vice president.

"Article 8.—The work of the ministerial council will be sanctioned by the president, who will be able to dissolve it in not to exceed 10 days.

"Article 9.—The president may enact treaties with the ratification of the ministerial council.

"Article 10.—The president will receive military honors.

"Article 11.—The treaty of peace with Spain when it is necessary to have to form an absolute basis of independence for the island of Cuba, should be ratified by the ministerial council and by an assembly of representatives convoked for that end.

"Article 12.—The vice president will act for the president in case of necessity.

"Article 13.—In case the offices of president and vice president should be vacant by resignation or by death, or by other causes, new officers will be elected at the same time an assembly of representatives will be called for an election.

"Article 14.—The secretaries are to take part with voice and vote in all deliberations.

"Article 15.—It is permitted to the secretaries to arrange for all employees of their respective departments.

"Article 16.—The sub-secretaries will constitute a legal body in cases of vacancy of the secretaries of state, having their voice in the deliberations.

"Article 17.—All outside armament of the republic and the directions of the operations of war will be directly under the hand of the commander-in-chief, who will have at his order as second in command a lieutenant general as a substitute in case of necessity.

"Article 18.—All functionaries of whatever class who are able must lend reciprocal help for the better accomplishment of the resolutions of the ministerial government.

"Article 19.—All subordinates will be obliged to serve the republic with their persons and interests, according to their power.

"Article 20.—The property of whatever class appertaining to foreigners is exempt from paying taxes in favor of the republic, providing their respective governments recognize the belligerency of Cuba.

"Article 21.—All debts contracted from the actual initiation of the war until this constitution is promulgated will be paid.

"Article 22.—The ministerial council has the power to reduce any member for just cause in the judgment of two-thirds of the counselors.

"Article 23.—The judicial authority will proceed with entire independence of all the others."

TRIAL OF SANGUILLY.

An American Citizen Charged With Being a Rebel.

HAVANA, Oct. 17.—In the trial of General Julio Sanguilly, an American citizen, on the charge of rebellion against the Spanish government, the attorney general, Senor Enjulo, in concluding his argument yesterday, asked

that the sentence of imprisonment for life be imposed upon the prisoner. Senor Enjulo made the following conclusions:

"First, Julio Sanguilly, an American citizen, since 1889, is a born resident of this island and was, up to his arrest on Feb. 24, of this year, one of the most energetic ringleaders and instigators of the armed revolution that since said date has broken out against the mother country with the aim of obtaining the independence of Cuba. He was chosen to take the lead in this province and those of Matanzas and St. Clara, and was named as chief leader and delegate of the revolutionary junta of New York, and having the power of appointing here the leaders he thought proper. Among those whom he selected was Colonel Jose V. Ascu.

"Second, these crimes constitute the crime of rebellion which is provided for in Article 287 and the following paragraphs and by Article 288 of the penal code.

"Third, Julio Sanguilly is responsible for having directly taken part in the rebellion.

"Fourth, there are no circumstances pending to mitigate the punishment which he has justly incurred and which I demand the court to inflict upon him, namely imprisoned for life, as provided for in Article 53 of the penal code, and that he be sentenced to pay half of the expenses of the trial."

The defense of the prisoner is not known.

Julio Sanguilly, it is claimed, has a very bad record and it has been reported that the Cubans have threatened to assassinate him if he was released from custody. He was arrested in Havana during the month of February last with Aguirre, Ramon Perez, Trujillo and others, and was incarcerated in the Cabanas prison on the charge of having rebelled against the Spanish government. Sanguilly fought with zeal and courage during the revolt of 1895, and rose from a private soldier to the rank of general. But his conduct recently has not met with the approval of the patriots. He is said to have been short in his accounts with a railroad company at Havana a few years ago, and it is claimed that he gambled away half of the funds collected by Manuel Garcia, which were given into his care to be used in the cause of Cuba, and some surprise was expressed at the fact that he was granted citizenship papers in New York. Then again, a rumor was circulated in Havana some time after his arrest that he had been paid \$25,000 by the Spanish government, guaranteed protection and offered a position in the Philip islands.

In any case Sanguilly, after being taken into custody, appealed to Consul General Williams at Havana, and the latter cabled to the state department at Washington soon afterward that the American citizenship of the prisoner having been established to the satisfaction of the captain general of Cuba, his trial in accordance with treaty stipulations had been transferred from the court martial to the civil tribunal. This was in March last. In May the general's eldest son, a boy of 15, was also locked up in the Cabanas fortress to prevent him, it was presumed, from telling what he knew of his father's affairs to the revolutionists. Later in the same month Sanguilly was reported to be dying of disease, and another story had it that he was to be taken to Spain and executed. His trial commenced on May 30 and now seems to be upon the point of closing.

WAR NEWS.

Havana Dispatches Furnish an Account of Several More Stormish.

HAVANA, Oct. 17.—Some 20 men have been arrested at Mariel and two persons have been taken into custody at Bogana, in the Vueta Abajo district, charged with recruiting men for the insurgent leaders, Collazo and Pedro Delgado. The Spanish garrison at Mariel has been reinforced for fear of trouble. Ten men have been arrested on the same charge at Sardonis.

From Alonzo Doco, 12 men have deserted to the insurgents.

At the plantation of Norbeti, in the province of Santa Clara, Captain Delgado of the civil guards killed two insurgents who attacked him.

General Garrick, formerly governor of the province of Santiago, has assumed command of the forces in Sancti Spiritus.

Three Rioters Shot.

HAVANA, Oct. 17.—A serious outbreak occurred in the jail of Santa Clara Monday. Before it was suppressed, General Luque had to send troops to the scene of the disturbance. Four of the ringleaders of the riot were made prisoners by the soldiers, and when they subsequently tried to escape, three of them were shot, but one of them succeeded in getting away.

An Overdue Cruiser.

NEW YORK, Oct. 17.—A special from Havana to The Herald says: Much uneasiness is felt here at the non-arrival of the cruiser Marques Esenada, which is conveying from England several new armed launches, purchased by the Spanish government for service in Cuban waters. The cruiser is now some days overdue.

Spanish Loss Since Hostilities Began.

MADRID, Oct. 17.—It is officially announced that since the beginning of the campaign against the insurgents of Cuba the Spanish forces have lost one brigadier general, 20 superior officers, 159 other officers and 1,811 soldiers, who have either died or have been killed by the enemy.

Irish Volunteers.

SAN FRANCISCO, Oct. 17.—A company of Irishmen is being organized here to aid Cuba in achieving independence. So far 27 men have enlisted.

REFORM IN ARMENIA

Some Hope For the Christians at Last.

NEW DEVELOPMENTS AWAITED.

Great Britain, France and Russia Have Forced Upon the Sultan a Plan That, If Enforced, Will Afford Justice to the Down-trodden—A Christian Will Execute the New Laws.

CONSTANTINOPLE, Oct. 17.—Said Pasha has accepted the scheme for reform in Armenia drawn up by Great Britain, France and Russia and it now awaits the signature of the sultan. The scheme is almost identical with the proposals of last May, which, in substance, were that the governors and vice governors of Van, Erzeroum, Sivas, Bitlis, Khartut and Trebizond be Christian or Mussulman, according to the inclination of the population; but either the governor or the vice governor is to be a Christian and the appointments are to be confirmed by the powers.

Local and not state officials are to collect the taxes and enough money is to be retained before it is forwarded to Constantinople to pay the expenses of local administration. Complete changes will be made in the judicial system, torture will be abolished, the prisons will be under surveillance, the police will be composed of Christians and Turks equally and the laws against compulsory conversions to Islamism will be strictly enforced.

The ambassadors of the powers expect that the whole question will be finally settled during the course of the week by the promulgation of an imperial decree. Contrary to general expectations, the high commissioner, who will be charged with the execution of this scheme of reform, will be a Christian. This was the hardest pill for the porte to swallow and for a long time it threatened to bring about the most serious complications.

A Russian Warship There.

CONSTANTINOPLE, Oct. 17.—A Russian warship has arrived here. The situation at Ismid is critical. The Christians are apprehensive of a Turkish outbreak.

LOYAL LEGION.

General John Gibbon Elected to the Office of Grand Commander.

WASHINGTON, Oct. 17.—The commandery-in-chief of the Loyal Legion of the United States met in biennial session at the Arlington hotel yesterday. General Lucius Fairchild, grand commander, presiding. There were 77 delegates present, representing every state in the Union, except Oregon. There were three aspirants for election to the office of grand commander and the first ballot resulted as follows: General Miles, 26 votes; General John Gibbon, 15, and General Swayne, 11. General Swayne's name being dropped, General Gibbon was elected on the second ballot, receiving 30 votes to 20 for General Miles.

General Miles lacked only one vote of election on the first ballot and it is believed would have succeeded on the second but for the superior age of General Gibbon, which influenced many of the delegates who otherwise would have cast their ballots for Miles, to vote for Gibbon.

A committee consisting of Generals Hubbard and Varney, Major Hayden, Colonel Woodward and Davis was appointed to pass upon the eligibility of applicants for membership.

Mrs. Waller Arrives.

NEW YORK, Oct. 17.—The steamer Amsterdam, with Mrs. Waller on board, arrived at quarantine at 10:30 last night. Mrs. Waller had retired, but consented to see a newspaperman. She said she left Madagascar on Aug. 12, last, and arrived at Marseilles on Sept. 2. She at once wrote to her husband, who was confined in a town in France, the name of which had escaped her memory. She was directed by Ambassador Rustis to sail by the Amsterdam on Oct. 4, but up to the time of sailing, she heard nothing from her husband. Mrs. Waller was accompanied by her three daughters and one young son.

Cabinet Meeting.

WASHINGTON, Oct. 17.—All of the members of the cabinet except Secretary Morton and Postmaster General Wilson gathered at the White House at noon yesterday in answer to a summons from the president, and the first informal cabinet meeting for several months was held, probably for the purpose of enabling the cabinet officers to report to the president the state of business in their departments.

Will Stay in Chicago.

CHICAGO, Oct. 17.—The headquarters of the Republican National league will continue in Chicago for the next two years. The Chicago men won a decisive victory yesterday at the meeting of the executive committee despite the fact that the general officers of the company favored a removal to Washington. The vote by which Chicago was retained was 11 to 5.

ST. JOHNS, N. S., Oct. 17.—Wholesale smuggling has been practiced here for years, as proved by the confessions of the smugglers now in custody. Enormous quantities of rum have been brought in and the revenue has been defrauded to the extent of thousands of dollars. One schooner-owner, during the past 12 months, has brought from St. Pierre 4,300 gallons of rum, depriving the government of about \$10,000 in duty, and he is only one of many engaged in the same business.

TWO MEN KILLED.

One Fatally Injured and Several Slightly Hurt in a Railroad Wreck.

ALTOONA, Pa., Oct. 17.—Two men were killed and one was fatally and several slightly injured in a wreck on the Martinsburg branch of the Pennsylvania railroad yesterday. The dead are: W. F. Good of Henrietta, fireman of the Martinsburg train, killed instantly, and J. O. Woodring of Tyrone, front brakeman of the water train, both legs cut off and head crushed.

The wreck occurred between the Martinsburg mixed train hauling milk and Altoona shop workmen and a water train a mile west of this city. The water train, consisting of several tank cars, had been ordered to proceed to the Y switch and near Haldaysburg to get water for the Altoona shops and was just pulling from a siding to the main track when the Martinsburg train came around the curve at full speed.

The collision completely demolished both locomotives and derailed several of the tank cars. The passenger cars kept the track. The following were injured:

David Arthur of Altoona, engineer of the Martinsburg train, badly scalded and injured internally, can not recover.

Henry Blackburn, engineer of the water train, seriously, but not fatally hurt.

A number of others were more or less cut by flying glass.

MINERS CALLED OUT.

Work Will Stop in the Northern and Central Pennsylvania Districts.

CLEARFIELD, Pa., Oct. 17.—The miners' convention yesterday afternoon decided to call a suspension in the northern and central Pennsylvania coal districts, to take effect next Saturday. They also decided that no partial resumption shall take place in the region until 100 per cent of the miners have received the advance demanded.

The convention resolved to ask an advance of 5 cents per ton, and if this demand is not granted by Nov. 1 it will be increased to 10 cents per ton.

Miners and Operators Surprised.

PHILADELPHIA, Pa., Oct. 17.—A decided surprise was received yesterday by the many leading coal operators and hundreds of miners who live here when it became known that the miners' convention at Clearfield had decided to suspend work on next Saturday. Phillipsburg is the center of the Clearfield and Beach Creek coal regions, in which between 7,000 and 8,000 miners are employed.

CHANGE OF BASE.

Sir Julian Pauncefote May Soon Represent Her Majesty at Paris.

WASHINGTON, Oct. 17.—The United States may soon see the last of her Britannic majesty's popular diplomatic representative, Sir Julian Pauncefote. It is learned today from private sources that Lord Dufferin, the British ambassador at Paris, will shortly retire. The embassy at Paris is the most important diplomatic post within the gift of the British foreign office.

A precedent for the transfer of Sir Julian Pauncefote from Washington to Paris was created some years ago, when Lord Lyons, the British minister at this point, was sent as her majesty's representative to the French capital. While Sir Julian is apparently ignorant of Lord Salisbury's intentions, it is believed that he would not object to the transfer. He would leave Washington with regret, owing to the agreeable intercourse of himself and family with the American people.

Japanese Troops Withdrawn.

SAN FRANCISCO, Oct. 17.—Advices by mail from Tokyo, Japan, dated Sept. 27, state that Japan has been forced to comply with Russia's demand for a speedy withdrawal of the Japanese troops from Liao Tung. France and Germany joined in the demand and the Japanese government was in no position to defy three European powers. The announcement of Russia's purpose took Japan by surprise. This proceeding has caused renewed bitterness in Japan against European powers. The Japanese also charge their own ministry with conniving at the nation's dishonor.

Jumped From a Window.

INDIANAPOLIS, Oct. 17.—Maurice Perkins, a well known newspaper man and artist, jumped from an upper window in the city hospital yesterday afternoon and was fatally injured. He came to Indianapolis from the New York Sun, and was known as a brilliant contributor both of humor and verse to many publications, including daily papers and leading magazines. He was driven to the use of narcotics, and sprang from the window in a moment of excruciating pain by painful ailment. His wife has been employed also in newspaper work in this city.

Kosciusko's Heart.

LONDON, Oct. 17.—A dispatch to The Times from Paris says that the deed making the gift of Kosciusko's heart to Poland was signed by the four daughters of Count Moresini at Vezia, near Lignano, yesterday in the presence of Counts Morosini and Casati and of the composer Arrigo Boito. The Polish patriot's heart is destined for the Polish museum in the Chateau Rapperswil, near Zurich.

PITTSBURGH, Oct. 17.—The drivers at the four Scott mines, and also at Ellsworth and Morris Forest Hill mines, on the Baltimore and Ohio railroad, struck yesterday on account of a misunderstanding over the day and "dead work" scales. The strike caused a suspension of work in the five mines. The district officers have left for Scott Haven and expect to have the trouble satisfactorily adjusted.

IN A MOUND IN OHIO

A Large Number of Human Skeletons Found.

ANCIENT WEAPONS OF WAR.

It Is Regarded as a Rich and Wonderful Discovery and a Great Acquisition For Ethnological Science. Thief Injured While Blowing a Safe—Fire in Columbus—Other Happenings in Ohio.

MILFORD, O., Oct. 17.—W. K. Moorehead, who had charge of a large section of the mound builders' exhibition in the ethnological department of the world's fair, made a wonderful discovery on opening a mound in the Little Miami valley, near here.

It consisted of a number of human skeletons of very ancient date, along with flints, weapons, utensils, religious emblems and the like, in great variety and of diverse material, including some ornaments in gold and silver, as well as bronze. The find is regarded rich and wonderful as a mere curiosity, and also as a great acquisition for ethnological science.

Thief Injured While Blowing a Safe.

TOLEDO, Oct. 17.—A special from Blakeslee, O., says: Frank Fisher, who appears to be a professional crook, was caught red-handed Tuesday night in the act of robbing the postoffice. He used dynamite to blow open the safe door, and in careless handling of the explosive he had part of his left arm blown off and his face badly disfigured. Despite this he made an effort to get away with the \$150 in money the safe contained, but, weak from loss of blood, he was compelled to desist and was caught.

Disastrous Blaze.

COLUMBUS, O., Oct. 17.—A tenement house on Third street, near Chestnut, burned yesterday, involving a loss of about \$12,000, nearly covered by insurance. John Brady, a sleight-of-hand performer, who has been traveling with a doctor, was badly burned and lost all of his paraphernalia. Annie Durth, a 12-year-old girl, was also badly burned, and in addition she fell out of a third-story window, sustaining probably fatal injuries.

Why This Inhuman Deed?

ZANESVILLE, O., Oct. 17.—The engineer on the Shawnee passenger train on the Columbus, Shawnee and Hocking railroad, saw a horse on the track yesterday near Readville. The animal remained despite his alarms and was killed. Investigation showed that it had been fastened to the track.

Monster Oil Well Struck.

FREMONT, O., Oct. 17.—A monster oil well has been struck on the Jacob Baker farm, in Scott township. For three days it has spouted at the rate of 2,000 barrels a day and shows no signs of letting up. An acre of ground surrounding the well has been diked up, and is covered with oil a foot deep.

The Trial of Colonel Coit.

CINCINNATI, O., Oct. 17.—The Coit trial is resolving itself into a great legal battle and the end is a long way off. Sheriff Cook is again on the stand undergoing the ordeal of cross-examination. Nothing of material weight has been developed.

Fatally Crushed.

WOOSTER, O., Oct. 17.—Frank Hill was probably fatally crushed at Garden Isle. While driving into an onion bin an overhead beam crushed him terribly, breaking every rib from the spinal column.

GULF SHORE SINKING.

Surprising Discovery Made by Major Quinn at Mississippi's Mouth.

NEW ORLEANS, Oct. 17.—Major Quinn, United States engineer in charge of the lighthouses of this district, has just returned from Port Eads and the jetties. He insists, after a most careful examination, that the lower delta and the sea marshes along the Gulf of Mexico are slowly sinking.

For more than a year experiments with tide gauges have been in progress at the mouth of the Mississippi river, and as a result, Major Quinn has reached the conclusion that the level of the gulf has been raised one foot since 1877. This the major attributed to a gradual though irregular subsidence of the land along the coast, and he believes, throughout the Mississippi delta, New Orleans and the southern portion of Louisiana.

Water and Gas From One Well.

ATLANTA, Ind., Oct. 17.—While drilling a gas well on their mill property, the Atlanta Steel and Tinplate company, at a depth of 520 feet, struck a vein of pure artesian water that is apparently inexhaustible. The water is entirely free from all injurious substances, and will prove a boon for the company's employees for drinking purposes. The company, after striking the water and piping it off, continued the well down to the Trenton rock, and are now enjoying the rather unique privilege of drawing a supply of water and gas from the same well in the mill yard.

Testing the Flambeau Law.

WABASH, Ind., Oct. 17.—A. J. Townsend, one of the farmers in Blackford county, against whom information was filed by State Gas Inspector Leach for violating the flambeau law, was arraigned before Justice Clifton of Hartford, and entered a plea of not guilty. He was fined \$25 and costs, and took an appeal. Townsend claims that the law is unconstitutional, and will go to the supreme court.

ROSSER & MCCARTHY,

Proprietors.

THURSDAY, OCTOBER 17, 1895.

Fair weather, slightly cooler.

The Fleming Gazette speaking of Col. Bradley's speech here says: "No man, no matter how biased he may be in his political affiliations, could take offense at anything that Col. Bradley said." Of course Bradley didn't say anything to make the Democrats mad; he wants their votes and is trying to jolly them.

SOME of the small calibre Democratic sheets of the State, that have been misrepresenting the real condition of affairs in Kentucky from the beginning of the campaign, are now resorting to unpleasant comments about Colonel Bradley and falsifying his personal demeanor and disposition.—Fleming Gazette.

We Democrats must be getting desperate when we have to falsify Billie O. B.'s "personal demeanor and disposition."

The Republican reporters who are accompanying Colonel Bradley in his "swing around the circle" look at the crowds through magnifying glasses. They said his speaking here was attended by 2,000 people, when 800 or 1,000 would be a very liberal estimate of the number present. But they started out on a campaign of misrepresentations and are keeping it up.

If the colored voters were eliminated from the Republican party in Kentucky there wouldn't be enough votes left on that side to make a respectable showing in a State election, says the Georgetown Times. If they should all scratch Bradley, as the editor of their Louisville paper the New South advises them to do, the white Republicans will find they are "small potatoes and few in the hill." And Billie O. B. would simply not be in it a little bit.

October on the Chesapeake and Ohio.
The Ohio Valley is a majestic field of colors these October days. No painter on earth might mix these colors in such a heroic form, and the design is beyond all words of description. From Charleston to Cincinnati the picture always exists and the river always shines. There is a tumult of crimson in the miles of forest, a wealth of browns and grays gives beauty to the fields and hillsides and up the valleys the wild grape vines are laden with purple fruit and on the persimmon trees the yellow brown fruit shakes its fat form invitingly to all. There is no dust and the autumn songs that come floating from hill and dale are full of healthfulness. See the Ohio Valley again before the melancholy days arrive. See it in all its glorious rioting of colors. There is but one way, take that excursion train that goes to the Queen City on October 23rd. At Cincinnati all of the theatres will be brilliantly opened and the list of attractions are the best to be seen. Tickets will be good on all regular trains except trains 1, 2, 3 and 4. For particulars see small bills or call on C. and O. agent.

CHANDLER TALKS SILVER.

Says Republican Party Is Pledged to That Issue.

DENVER, Col., Oct. 12.—Senator Chandler, of New Hampshire, has written a letter to T. C. Clayton, Secretary of the Republican State League of Colorado, saying the Republican party will go into the next Presidential battle pledged to bimetalism, which he believes will win. On the other hand, he says, the men who dominate the Democratic party are gold monometallists, and with the patronage of the Government, with money manipulated by William C. Whitney and Calvin S. Brice the Democracy is hopelessly subjugated.

It is the height of folly, Senator Chandler says, for any bimetalist to conceive that anything but gold monometallism can come from another Democratic national victory. He suggests the calling of a bimetallic conference to be held in the United States, which would be attended by representatives from all western hemisphere governments and from the governments of Russia, France, Japan and China, and the decision of the conference that nations should coin silver without limit at the ratio of 15 to 1, will be irresistible even by England and Germany.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

The State Board of Health has sent out a circular in reference to the prevention of diphtheria. The Board gives this advice: "When it is known or suspected that a person has diphtheria he should immediately be separated from the rest of the family, and put into a sunny, well ventilated and plainly furnished room, preferably on the upper floor, and as disconnected as possible from other rooms, especially the living and sleeping rooms of children. No other person besides the nurse and necessary attendants should be permitted to enter the room, and they should take every precaution not to carry the infection to others."

Bishop E. R. Hendrix, writing from China, says: "The Bible is printed in 130 languages and dialects spoken in India and the British colonies. Laws passed in the British parliament are operative in most of India and in much of Africa to-day. The advance of the British flag means religious toleration on the one hand and the protection of the missionary on the other. In the evangelization of Eastern Asia we may rejoice in the fact that England dominates the Pacific. I am deeply impressed with the growing greatness of the British empire in this ocean, which God has set alike for a boundary and a bond between the nations. The British flag floats over nearly all the former cannibal islands of the Pacific, and English-speaking missionaries from Great Britain and America have made travel safe and driven cannibalism from the Pacific ocean."

AUDITOR NORMAN

Has Something to Say About Republican Charges.

Records of His Office Are Open to Rep-
utable Persons, Though Not
Required by Law.

[Courier-Journal.]

The attacks that have been made on State Auditor Norman recently by newspaper correspondents, and which have been taken up by Republican speakers on the stump, relative to his alleged refusal to allow the minutes of the Board of Sinking Fund Commissioners to be inspected, and also to his connection with matters of prison management, do not seem to have disturbed the Auditor very much. When asked for the facts about the matter, Auditor Norman said:

I had not been inclined to notice these statements, coming from an irresponsible source, but it is due to the people of the State that the facts as to these matters should be plainly stated, and I hope it is not forgotten, in considering any charge of a failure of duty on my part, that I am under bond of two hundred thousand dollars for the faithful discharge of my duties.

As to the statement that I have refused access to the records of my office, continued the Auditor, under the law these books and records are open at all times to inspection of the Governor, and are subject to investigation by the Legislature, through its committees. By the act creating the office of State Inspector and Examiner, an officer appointed by the Governor, it is also made his duty to be present at every monthly settlement made between the Auditor and Treasurer, and to inspect every item of account, and to report the facts to the Governor. For the past four years this duty has been carefully discharged by this officer, and his reports are on file in the Governor's office. No intelligent man in the State can doubt for an instant that, if anything not strictly in compliance with the law had been found in either office, the facts would have been at once made public. It is not true that I have at any time declined to allow an inspection of the records of my office whenever desired by any reputable citizen of the Commonwealth, although not required to do so by the letter of the law.

Owing to the constant misrepresentations and abuse of the Commercial, the reporter of this paper, who has deliberately lied as to what was shown by the records, was told at my instance that he must ask specifically for what he wanted, and that a certified copy of any or all the records of the office he desired to have would be furnished him. To this communication I received the following response:

Major L. C. Norman, Auditor, City.—Dear Sir: I would like to have copies of all minutes of Sinking Fund meetings where Mason & Ford business was concerned, and where Hendrick and Brown voted against Norman, Hendrick and Hale. Thanking you in advance since you offer to furnish these copies, in lieu of allowing me to copy them from the books, I am very respectfully,
D. ELIOTT KELLY,
Rep. Commercial.

Frankfort, Ky., September, 28, 1895.

Also those minutes containing copies of Mason & Ford contracts with State, especially for the chair factory.

Copies of the records were immediately made, and, although the correspondent was notified, he has so far declined to receive them.

To show more fully the utter disregard of the truth shown by these people, I need only call attention to some of the statements sent to this paper by its correspondent at Frankfort. This correspondent says, with the records there before him, that General Hendrick, Major Hale and myself voted for the contract made with the present contractors for the output of the chair plant at the Frankfort penitentiary, and that the Governor and Captain Hendrick voted against it. The records show that the vote was recorded in the minutes, and that General Hendrick and I voted against making the contract, and that Governor Brown, Captain Hendrick and Major Hale voted for it. The animus in this lies in the fact that it was desirable to show at all hazards our partiality for these gentlemen, even when the facts were just the reverse of what was stated, as two of these contractors had been sub-lessees of the Mason & Ford Company, and one of those two the Secretary and Treasurer of that corporation. I opposed the contract because it gave these gentlemen what I deemed then and now an undue advantage of the State.

The correspondent endeavors to convey the impression that I have failed in my duty to the State in the matter of the Mason & Ford Company contracts, but carefully conceals the fact that all these contracts were made before I became Auditor, and that I had no connection whatever with making them. He examined the records of a suit in the Franklin Circuit Court, and states that I, as Auditor, by accepting a payment from the Mason & Ford Company, as authorized and directed by the Board of Sinking Fund Commissioners, during Governor Buckner's term, had prevented the State from receiving interest on the State claim against said company, when the judgment in the case, found in the same record, shows that the court gave judgment for the interest. He says that I illegally allowed a claim of \$2,000 to said company, and the same record shows that this was litigated and the court held that it had been legally paid by me.

He says I wanted to allow the claim for \$14,000 for broken stone to macadamize the interior of the prison at Eddyville, when the records show that this claim was never at any time before the board; that I testified that I did not believe it was within the power of the board to incur such an expenditure, and the judgment of the court refusing to allow it as offset in the case of the State vs. Mason & Ford Company sustained my contention on this point.

He says that I broke up the Eminence meeting, when he knew that to be absolutely false, as will appear from the statements of the citizens of that place published at the time.

I may say that these are fair examples of what has been written and published in this paper by its correspondent, to say nothing of its slanderous and libelous editorial utterances, and to fuddle their purpose to slander and malign any Democrat who they think stands in the way of Republican success.

In this connection I desire now, once for all, to say that the fullest information has always been, and always will be, given to any citizen of the State who may apply for it, touching any and all matters connected with my office, and that any statement to the contrary is absolutely and unqualifiedly untrue. These statements of the Commercial have been made solely for political purposes, and are in line with the character of personal vituperation and slander that has

I may be pardoned for saying that I cannot descend to the level of these people; that matters touching the moral character of their candidate have been repeatedly offered me and always declined; that I have been assured that a call at the Treasury Department in Washington would show that some of these would-be critics live in exceedingly glassy houses, but the ways of the pothouse politician are not my ways, and I trust that every decent, honest man in the State may put the seal of his disapproval on their mode of warfare in November.

PARSONAGES AND HOME MISSIONS.

Annual Meeting of the Women's Society of the Kentucky Conference
M. E. Church, South.

The Women's Parsonage and Home Mission Society of the Kentucky Conference of the M. E. Church, South, convened, in annual session, yesterday morning at the M. E. Church, South, this city, with Mrs. Clara M. Poynter, President, of Shelbyville, presiding. Other officers and members in attendance are as follows:

Mrs. S. H. Sawyer, Vice President.
Miss S. A. Hughes, Treasurer.
Mrs. V. W. Coffman, of Covington, Recording Secretary.
Miss Kate Petry, of Covington, Corresponding Secretary.
Mrs. P. H. Hoffman, District Secretary of Covington district.
Miss Mary Kay, District Secretary of Danville district.
Mrs. M. H. Edwards, District Secretary of Lexington district.
Miss M. L. Power, District Secretary of Maysville district.
Miss Rozelle, Lexington.
Mrs. Garnett, Winchester.
Mrs. Brewer, Paris.
Mrs. Andrews, Flemingsburg.
Mrs. Garvey, Wilmore.
Mrs. Duncan, Danville.
Mrs. Asbury, Covington.
Miss Shaw, Highlands.
Miss Jones, Walton.
Miss Bruce, Vanceburg.
Mrs. Given, Flemingsburg.
Mrs. Armstrong, Flemingsburg.

At the session yesterday morning and in the afternoon reports were presented and read. At the night session, Mrs. Mary Clark warmly welcomed the visitors "to our city and the hospitality of our homes." Mrs. Coffman responded to the address of welcome and complimented the members of the church here on their beautiful house of worship. She then spoke briefly of the laudable work the society is engaged in, and thought the members of the local church ought not stop until they had a handsome home for their pastor.

The Vice President, Mrs. Sawyer, read an interesting address telling of the success of the society so far and presenting the need of further work along this line.

The Parsonage and Home Mission Society was organized in 1886, and in 1890 its work was enlarged. Its name indicates its object,—building homes for pastors, and carrying forward the work of missions and education. Mrs. Sawyer stated that the number of parsonages in 1886 was 2,031; in 1890 the number had been increased to 3,233.

The Kentucky Conference branch of the society was organized in 1888, and now numbers fifty auxiliaries or local societies with a membership of 735. The amount of dues for last year was \$500; amount raised for local church and parsonage work \$555. The society contributed \$150 to assist in building a parsonage at Moreland, Ky. The society has subscribed \$4,500 to aid in building a school in the mountains of Kentucky to be located at London, Laurel County and to be called the Sue Bennett Memorial School. The citizens of London will raise \$15,000 for the purchase of grounds and erection of buildings and the society will raise \$5,000 for the same. Of this last amount \$4,600 has been subscribed, and the ladies hope to secure the balance by next spring.

The society will be in session to-day. The meeting will probably close to-night. The public is cordially invited to attend the sessions.

The ladies of the church have the altar and pulpit very prettily decorated with vines, flowers and plants, and are hospitably entertaining the visitors during their stay in Maysville.

For the Coming Brides.

Cut glass, onyx top tables, lamps, sterling silver case goods, silver spoons and forks, handsome clocks, bronzes, silverware at P. J. Murphy's, and at prices far below those offered elsewhere.

The October term of the Quarterly Court is in session this week, Judge Hutchins presiding.

The ladies should all attend Browning's annual display of wraps on Wednesday, October 23rd. On that day the firm will show the largest and most complete line of capes and jackets ever brought to Maysville.

"SANDY" WHITE who ran the L. and N. engine off the turn-table here last Saturday night is the same negro man who caused the wreck between two engines in the Duncan avenue cut at Paris about a month ago, and caused the amputation of Switchman Rippitoe's leg, says the Kentuckian.

Mrs. JUDGE SAMUEL MOORE died October 3rd in Chicago. She was Miss Martha Wilson, daughter of Rev. Robert Wilson, a native of Virginia who was for many years pastor of the Presbyterian Church in Washington, this county. They were married at Oxford, Ohio, in April, 1842. Judge Moore died April 25th, 1885. They have four children living—Rosina and Ella who lived with their mother at Auburndale, a pretty suburb of Chicago, and Nona, who lives with Mrs. Condit, the married daughter, at Cedar Rapids, Iowa. Mrs. Moore was about seventy-five years of age.

The Republicans of Lexington have nominated the following ticket: For Mayor, Thomas Forman; City Clerk, D. N. Zimmerman; Treasurer, Stanley Milward; Assessor, William Warren; City Jailor, R. A. Geers; City Representative in Legislature, W. G. Dunlap; County Representative, T. L. Walker. For the offices of Solicitor, Attorney and Engineer and Senator they named no candidate.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, indigestion, constipation, dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

THAT PROPOSED RAILROAD.

It May Be Built, and Will Give Maysville a Direct Line to Kentucky Coal Fields.

[Fleming Gazette.]

Mr. E. P. Hurst, of Rochester, N. Y., accompanied by F. R. Muse and W. W. Reynolds, passed through here last Wednesday, having come from Pine Springs, Ky., from whence a prospective railroad is talked of. It is proposed to build the road from back in the coal regions of the State to Hillsboro and there join the C. and A. Of course the latter road would have to be widened, and in this case an outlet would be afforded to the K. C. and C. and O. at Maysville. Mr. Hurst stated that if the proposed road is built, and satisfactory arrangements could be made it would probably be preferable to follow the above route, provided the co-operation of the other railroads could be secured. The C. and O. which passes through Morehead and the C. and O. up the river would then be joined, and the country in this section would be afforded a much better opportunity for development. It is to be hoped the road will be built.

MR. S. M. WORTHINGTON, of Fern Leaf, returned yesterday from Covington, where he went to see his uncle Mr. Henry Worthington who has been critically ill for a week or two and whose death is hourly expected. The physicians of the sick man have no hopes of his recovery.

MISS NINA SULLIVAN, of this city, and Mr. John W. Delaney, of Covington, were quietly married yesterday afternoon, Rev. Father Ennis officiating. The groom is an employee of the C. and O. His bride is a sister of Mrs. Jacob Wormald and Mrs. Frank Bonghner, of the West End, and a most estimable young lady. The couple will make their home at Covington.

Those who attended the mission in progress at St. Patrick's Church had the pleasure last night of listening to an excellent sermon delivered by a Jesuit Father who is conducting the mission. The subject: "The Sanction of the Law," referring to the law of God, was treated in an able manner, and the Father had the closest attention from the large audience from the beginning of his sermon to the close.

Are you taking SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks turned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons' Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zellin & Co., Philadelphia.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE WOOL MARKET.

The Sales This Year Largely Ahead of '95's Figures—Demand Good. Prices Firm.

Boston, Oct. 9.—The American Wool and Cotton Reporter will say to-morrow of the wool trade:

There has been a good demand for wool the past week, and the market shows continued strength and a firm tone. Medium and coarse wools evidence an improving demand. Fine wools continue active. Prices are practically unchanged, and users are meeting dealers readily at existing prices.

The Boston market has ruled active, fine, coarse and medium wools selling in good lots. The recent and past enormous sales of Australian have greatly reduced the supply of most kinds of that wool in this market, but a fairly active business was done here during the first half of the period under review.

It looks as though the high price of Australian cross-breeds had turned the current in the direction of domestic medium and below wools, and similarly, as if the current in the direction of domestic medium had drawn increased attention to the territorial wools, of which large sales have been made. Fleece wools are actively sought after, sales running up one and one-half millions of pounds. Eastern Oregon sold to the extent of 750,000 pounds. The sales of the week amount to 5,639,000 pounds domestic and 2,414,500 pounds foreign, making a total of 8,053,500 pounds, against a total of 2,852,000 pounds for the corresponding week last year. The sales since January 1, 1895, amount to 161,070,670 pounds, against 115,125,835 pounds a year ago.

MOUNTAIN DEMOCRATS IN LINE

Hardin's Strength is Not Waning—He is a Great Favorite There.

MIDDLESBOROUGH, Ky., Oct. 10.—Mr. R. C. Ford, Democratic candidate for State Treasurer, says: "I have traveled and canvassed in every county from the Big Sandy to Green river, and I find the Democrats wide awake and working with a will in every mountain county, and while 90 per cent. of the Democrats in these counties are for sound money, they are also for Wat Hardin regardless of anything he may say on the money question. Hardin has always been the idol of the mountaineers. 'Take my word for it,' said Mr. Ford, 'Hardin will lose no strength in the mountains.'"

The Louisville Post's Fakes.

(Carlisle Meryn.)
We re-publish an article from the Cynthiana Democrat in answer to an alleged interview with banker James S. Withers, of Cynthiana. The article fully explains itself and exposes the methods adopted by the Louisville Evening Post. At Jackson, Breathitt County, last week, we met a number of Democrats whose names had been used by the Post as among those who would not support Hardin, and they were almost frantic with rage. No Democrat will now believe a word he sees in the Post. It has been shown up in its true colors, and its efforts to harm General Hardin will now redound to his benefit.

ATTEMPTED HOLD-UP.

Train Delayed by Masked Highwaymen, But No Booty Secured.

TEMPLE, Tex., Oct. 17. — Tuesday night when the southbound Missouri, Kansas and Texas train arrived at Little River, eight miles south of Temple, two masked men got on the engine and made the engineer pull out. Arriving at the river, a mile distant, the train was stopped and the mail, express car and engine pulled over the bridge. Here an attempt was made to blow the express safe open with dynamite. The car was badly wrecked, but the safe was not opened.

The robbers abandoned the job and left on horseback across the country. Officers with bloodhounds tried to follow the trail, but got into the main road and the dogs could do nothing. The train was delayed half an hour. No one was hurt and no booty was secured.

NATURAL GAS EXPLOSION.

One Man Dangerously Hurt and Two Others Badly Injured.

MENARD, Ind., Oct. 17.—John Stevens, residing near Reed's Station, is in a dangerous condition, nursing injuries received in a natural gas explosion on the farm of Jefferson Snodgrass. Snodgrass and Joseph Stevens were burned, bruised and cut in the same accident.

The men were cleaning a well. John Stevens descended into the hole, but found the odor of gas too strong to bear. He ascended, and the covering was removed to permit the gas to escape. It was suggested that a piece of lighted paper be dropped into the well to see if the gas was all out. Stevens contracted the dangerous job, and the paper had hardly left his hands when a terrific explosion occurred. Adjacent buildings rattled, and the three men were blown several feet away. The gas leaked into the well from badly-fitted pipes.

An Old Hermit Beaten and Robbed.
ANDERSON, Ind., Oct. 17.—Word has just reached town that Joseph Pendleton, an old hermit, was robbed at his home early yesterday morning. Two men on horseback rode up to his house and, under pretense of inquiring the way to this city, had the old man talking, when he was seized and bound with rope. Then a gold watch, a bag of money and valuable relics were taken. As the robbers left they broke Pendleton's ribs by kicks. Officers went to the scene.

Death of Colonel George S. Fisher.
WASHINGTON, Oct. 17. — Colonel George S. Fisher, who was consul general to Japan by appointment of President Lincoln, and to Syria by President Grant's appointment, died suddenly last night of heart disease. He was born in Boston in 1824, but removed to Illinois. He served in the Mexican and civil wars.

COMMISSIONER'S SALE!

FAYETTE CIRCUIT COURT.

Andrew Lytle and Others, on Petition to Others.

By virtue of a judgment in the above styled case, rendered in the Fayette Circuit Court the 16th day of September, 1895, I will on

Thursday, Oct. 17, 1895,

as Special Commissioner, sell at public sale a tract of land containing one hundred and seventy-six acres and seventy-eight poles (176.78) situated on the Russell Cave pike, in the county of Fayette, adjoining the farms of Thomas Carlick, George Graves, L. P. Huffman, Jacob Sidener and Charlie Sharp.
Said sale will be made upon the following terms:
One-third on the 1st day of March, 1896, one-third on the 1st day of March, 1897, and one-third on the 1st day of March, 1898, with interest at rate of six per cent per annum from the 1st day of March, 1896, until paid. Purchaser will be required to execute bond with approved security, complying with terms of sale. Lien will be retained for the deferred payments. Possession of said place will be given on the 1st of March, 1896. Said farm is situated 11 miles from Lexington, 8 miles from Paris, 8 miles from Georgetown and 1 1/2 miles from Centerville depot on the Midland railroad, and one-fourth of a mile from church, school house, postoffice, store and blacksmith shop. Upon the farm is a good residence of seven rooms, stock barn, ice house, meat house, buggy house, corn cribs and cabins. This is one of the best fenced farms in Fayette county; more than 10 acres in grass. On it there are five well pools of never failing stock water, a good cistern and deep well; an orchard of select fruit. The land is naturally good, and is now in fine condition for cultivation.
The Old Union and Hann's Mill pike runs through the farm, leaving upon the south side about 17 acres, and upon the north side 129 acres and a fraction. These two portions of the farm will be offered and sold separately, and then as a whole, and the highest bid will be accepted. The sale will take place at 11 o'clock a. m.
H. C. FUNK, Special Commissioner.
COL. A. T. FORSYTHE, Auctioneer.

Marvelous Results.

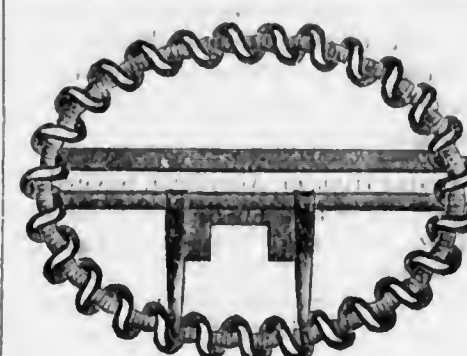

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.
